

Message From the President

Welcome to Gadsden State Community College. Whether you are just beginning your college journey or continuing your education, you have made an important choice to invest in your future, and we are honored to be part of that journey.

At Gadsden State, our priority is providing a high-quality education that prepares you for success—whether that means entering the workforce, advancing in your current career, or transferring to a four-year institution. Our faculty and staff are dedicated to supporting you academically and personally, helping you build the knowledge, skills, and experiences that will serve you long after graduation.

Beyond the classroom, we encourage you to take advantage of the many opportunities available at Gadsden State—student organizations, athletics, leadership programs, and more—that will enrich your college experience and connect you to the campus community.

As you plan your path, I encourage you to use this catalog and handbook as a resource and to work closely with your academic advisor. We are here to help you achieve your goals, and I look forward to seeing all that you will accomplish at Gadsden State and beyond.

Sincerely,

Alan Smith
President
