

MTH 100: Intermediate College Algebra

This course provides a study of algebraic concepts such as linear equations and inequalities in two variables, quadratic equations, systems of equations, radical and rational expressions and equations. Functions and relations are introduced and graphed. This course does not apply toward the general core requirement for mathematics.

Credits: 3

Theory Hours: 3

Prerequisites:

A grade of "C" (70 or above required within the Division of Mathematics) in MTH 098 (Elementary Algebra) or appropriate mathematics placement score

Program: [Mathematics](#)
